2012

Includes

1. Report for AR Magazine
2. Statistics
 - a. Logs submitted
 - b. Band usage
 - c. Contacts per band
 - d. Modes per band per state
 - e. Individual state band usage and contacts
3. State scores
4. Individual efforts
5. Log corrections
6. Team results
7. List of all logs and points
8. Winners list
9. Operator comments

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

What a great weekend the Remembrance Day contest was. There were 1346 unique stations on air and with excellent propagation and low noise, made for a large quantity of contacts. 38,000 log entries in fact.

The new rule structure brought activity levels back to where it was many years ago. The new 3 hour re-contact period did what it was meant to, and made activity shift to different bands for new contacts. (Under the old 2 hour rule, it was too easy to sit on one frequency without having to look for new stations to work.) Many logs show run rates of working 1 to 2 contacts per minute for most of the weekend's busy periods. Several soapbox comments reflected appreciation of rule simplification and brought new and long lost participants back to the fold. Those who may have not participated due to the VHF/UHF amalgamation with HF sorely missed an opportunity to join in the busiest RD seen in a while.

Although log submission fell just short of last years entries, the logs this year contain many more contacts resulting in 5165 more points than last year. Logs were received from 16 Foundation, 25 Standard and 183 Advanced licences making up 16.6% of actual participants. There were 133 unique Foundation Licence calls logged, 45 QRP stations, 51 portable, and 16 mobile. 18 paper logs and 211 electronic logs were received. Of these, 5 were treated as check logs. 155 operators used VKCL Logger, 46 RD Logger, 8 Excel and the rest unknown. 133 logs contained HF contacts only, 78 contained HF, VHF &UHF contacts, and only 12 VHF and above logs.

A contest is where ones skills as an operator and logging accuracy are tested. Points will be lost and one may have their log certified as a check log due to poor logging or if failing to abide by rules is not met. It became very obvious with some of the logs received, that some participants did not read the rules – to their detriment. Logs became a check log because of:

- a) Rule violations (Serial exchange for example)
- b) Major logging errors like missing columns (Freq, Date, or Time for example)
- c) Totally unreadable / unusable for paper and electronic entries.

Some had downloaded the cover sheet and did not download the log book provided, and then missed relevant info. If you have a computer and can download the files provided, please use them as making your own format up can easily lead to missing information and loss of points or having your log delegated a check log. Points were deducted for miss-logged calls, but this year I have been forgiving where /M2 /P1 type entries were incorrectly entered. Correct logging examples are now on the WIA RD website. 36 logs were score corrected for incorrectly logging calls, scoring for duplicates, only scoring 1 point during the 3 point session, and not having scored where the contact was allowed and not logging the receive exchange.

Finding log errors was made easy by Deane VK3TX's Cabrillo checking software. The software produces a report showing wrongly logged calls, duplicates, and a host of other possible problems. Mike VK3AVV and John VK5DJ worked closely with me to bring the logging software up to speed. Except for a couple of minor issues the loggers and checking software made log checking very easy and saved many hours in the checking process. My sincere thanks to all involved for being the first to bring Cabrillo log checking into Australian domestic contesting.

The new scoring system developed by Andrew VK1DA sees state scores running very close indeed. VK7 is this year's winner with very close runners up VK6 and VK5. The scores are totally dependant on the operator sending in their log, and the percentages are very poor as can be seen in Table 1. Submitting a log is the only way to support your state score.

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

Table 1.

Individual Efforts.

As mentioned earlier, logs contained many more contacts on average than previous years. Great efforts were received from Wayne VK7NET and Ken VK4QH with 1055 and 948 points respectively for the SO Phone category. Ray VK6ZRW had a superb lead to take 1st place with 891 points in the SO Mixed category which produced 6 more entries than last year.

Wayne VK7NET – Single Op Phone winner.

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

105 operators were spread over 10 Multi single and 12 MM stations. VK2GGC Multi-Single station operated by VK2SJK, VK2HFP, VK2SD, VK2FDXR, VK2ZMT and VK2MOR produced a massive 1148 points to win their section and produce the best score overall. VK4XA recorded another great score of 935 taking 1st place in the Multi-multi section.

The new QRP section was well represented with a total of 45 taking part and 16 submitting logs. Onno VK6FLAB won the section with 259 points with Bob VK4BYX runner up. Bob was reported by many as having a great signal. Bob's OB2040 beam sits 25 meters in the air on top of a narrow mountain ridge. Who said free space antennas don't perform?

Although there was no Rookie category (IE first year as a Ham), VKHAM (.com) has kindly sponsored an award for the highest scoring Rookie. This year eight Rookies, VK2FNJW, VK2FWWD, VK3FEZZ, VK3NCC, VK4FAAS, VK4FPDG, VK4FABF and VK6FAAW submitted scores from 23 to 354. Congratulations to Doug VK2FWWD with his excellent score of 354.

Seven teams were submitted with team Wallaroo VK4TS Trent, VK4GH Catherine and VK7NET Wayne taking honours followed by the Lockyer Legends VK4QH Ken, VK4MN Peter, and VK4SN Alan, and Elizabeth ARC VK5LZ, VK5NE Paul, and VK5KX Peter for third place. One team seemed to disappear in battle leaving 6 in the end. See Table 2.

TEAM NAME	OP 1	OP 2	OP 3	TOTAL
Wallaroo	VK4TS	VK4GH	VK7NET	1898
Lockyer Legends	VK4QH	VK4MN	VK4SN	1819

	RATIO	PH:CW	31:1

A full list of statistics is on the WIA RD website in PDF format. Soapbox comments have been copied and pasted from logs and emails, and are also available.

From this year onwards, awards will be sent from the W.I.A office for all major 1st, 2nd, and 3rd place winners. Downloadable PDF certificates for individual state placing are available.

In closing, everyone reflected a very positive outlook and acceptance of the rules and by next year the word will have spread. As others have said, "Can't wait till next years RD"

OPERATOR COMMENTS

(Copied and pasted as received)

The most enjoyable RD contest since the 1980s. All bands all modes is the fun way to go when you live in an urban environment. Not once did I feel like falling asleep in my chair. Triple point during the early morning kept the action going all night and the 160 metre band even co-operated.

VK5NE

Thanks Alan,

By the way I've heard from several local operators here that the RD contest brought activity level on several bands up to where it was many years ago. It's a shame that the people who seem to come on only for the contest don't come on more often.

73 Ed.

VK2ARE

Thanks Alan,

Great job on the contest restructure. I am reasonably certain the participation was better than last year and it certainly made our participation (Multi op single TX) viable. It will be on our calendar next year.

I think you can be justifiably proud of your influence on the rules.

We can't wait to see the overall results! 😊

Regards,

Steve Kennedy VK2SJK

In conclusion it has been a breath of fresh air to have a contest manager who will communicate with the contesters in a friendly manner.

Keep up the good work.

kind regards

Grahame VK2FA

Hi Alan,

Thanks very much for managing the RD Contest this year, and also for your efforts with revamping the rules. Please find attached my log.

I like the new contest format; and the idea of the exchange not containing a QSO sequence number is good as it keeps us all guessing as to how the other stations are going! :-) I did run into the odd station who appeared to be using an incrementing sequence number, but me operating QRP and sometimes being on the verge of readability was not conducive to explaining the new rules to them. :-) I think that the earlier start and finish times also allow better utilisation of one's weekend - being on a rural property, for me it means I can get the weekend's tasks completed on Saturday morning and/or Sunday afternoon, instead of having all of Sunday written off.

Thanks again, and it was good to work you again during the contest.

73,

Mike Dower VK2IG/QRP

OPERATORS: VK4MAD

SOAPBOX: It was my first contest, and thoroughly enjoyed it. Thanks to all who SOAPBOX: put it together.

SOAPBOX: Regards

SOAPBOX: Wayne

OPERATORS: VK5BC

SOAPBOX: Great contest, 1st time I'd given contest a real go for a few years,

SOAPBOX: had become disillusioned with rules of the contest but with the

SOAPBOX: changes made this year it was great. Good move to combine HF & VHF.

SOAPBOX: Would still like the 3hour rework removed.

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

OPERATORS: VK7FB

SOAPBOX: Great fun thanks.

OPERATORS: VK4XA, VK4FD, VK4VHY

SOAPBOX: Enjoyed the contest.

OPERATORS: VK2BJT

SOAPBOX: I really like the new rst/serial number system. Less competitive pressure.

SOAPBOX: Possibly the time between repeat contacts could be lowered for the CW

SOAPBOX: only group? There was a lot of down time due to the lower number of active stations on this mode. Thanks for a fun contest. Best 73's, Ian

Hi Alan,

Thanks for the contest, I had limited time this year for the contest much to my dismay, There was a fair bit more activity this year which would account for the guy's & gal's being able to work their own state, Good stuff it makes the time go faster, See you next year all being well.?

Cheers Tom Hatton VK4ATH -.-

OPERATORS: VK3NCC

SOAPBOX: Thanks to the organisers for making this year's contest

SOAPBOX: more accessible.

SOAPBOX: This is my first contest as an Amateur Operator.

SOAPBOX: I would have liked to spend more time involved but....

SOAPBOX: In any case I enjoyed the time and learned some new operating

SOAPBOX: skills and met a lot more people.

SOAPBOX: Keep up the good Work... Colin

OPERATORS: VK5MCB

SOAPBOX: Great format easy to use and great fun. Lots of contacts for the RD

OPERATORS: VK6MJC

SOAPBOX: Thanking you, enjoyed the contest. New simplified format better

SOAPBOX: It was a great contest and I made many new contacts. Most enjoyable.

Peter VK4FPDG

G'day Alan

Enjoyed the contest, new format is the way to go, sure are some long time hams out there, either 30 plus years or 3 or less ?? in my log, where are the inbetweeners?.

Thanks for your efforts

73 Wade VK4WM

OPERATORS: VK3AMW

SOAPBOX: Most contacts I have ever had!!

SOAPBOX:

SOAPBOX: Good format for a friendly contest.

SOAPBOX:

SOAPBOX: Most enjoyable.

Thanks Alan

You have done a great job in organising all this.

Also, thanks for the contact yesterday in the RD contest on 20m. I thought the call sign was familiar.

Cheers

73 Mike VK6MJC

Great conditions, and format.

Cheers, Barry Bates, VK5KBJ.

OPERATORS: VK3SIM

SOAPBOX:

SOAPBOX: THE NEW RULES ARE VERY GOOD.

A great contest this years I had a ball i'm only new this but have slowly improved in the past year 205 contacts 125 individual stations phone only.

I did a portion of the graveyard shift and it was great the way every one was having a chat 80m was very good even had the odd zl sneak in on 80m. worked all my hf bands except 10 meters. thanks for making the changes re numbering to using years in which license has been held that was great to salute the old timers. the disappointment was vhf and uhf very quiet there on fm in melbourne. never heard a p29 I wonder if any were around

cheers

steve

vk3meg

OPERATORS: VK5CZ

SOAPBOX: Great contest thanks to all concerned.

SOAPBOX: Pity about the European cw contest on 20m it jammed up the band

SOAPBOX: a bit for qrp ops .

OPERATORS: VK7NET

SOAPBOX: Great contest .

SOAPBOX: Good to see more ops around compared to recent years.

SOAPBOX: Equipment: TS590S, 4 element TET triband, 2 element quad and vertical antenna.

SOAPBOX: Look forward to this contest again next year.

The time and rule changes this year were terrific. The exchange cipher, using years of being licenced, makes it less daunting for an occasional contester like myself.

I also liked the ability to contact one's own call area, it provides another opportunity when

things are quiet.

Well done on a great contest.

Many Thanks

Chris Walker VK6DDX

Geez I had a lot of fun and made double the contacts that I made last year, as I am only new to the hobby. Looking Forward to the next RD contest now.

Thank You for taking the time to put all this together, much appreciated.

Kind Regards

David VK5LSB

Thanks Alan. It was a great contest. Word from others is that VHF was very quiet but HF active (intra call area contacts helped).

Here's some video footage from yesterday morning that you might enjoy...

<http://www.youtube.com/watch?v=e8aqN2d3kGk>

...especially the bit where the dog got all excited when you mentioned the TH6 pointing here!

73, Peter VK3YE

It was great to have so many stations operating throughout the 24 hours- definite improvement.

Still a great friendly contest and we also gently introduced some amateurs including foundation licences to contesting. Great stuff!

73, Justin, VK7TW

Secretary REAST Inc.

Hi Alan,

Thanks for organising a great RD Contest.

73, Clive Wallis VK6CSW

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

OPERATORS: VK2TTP, VK2JCC, VK2BMU,
VK2DAY, VK2TAN

SOAPBOX: New Logging software and contest
format great improvement.

SOAPBOX: What happened to all the VHF/UHF
operators, nothing heard.

OPERATORS: VK4GMH

SOAPBOX: First contest with Adv Lic

SOAPBOX: I like the new exchange system

SOAPBOX: TriBand Vertical 80/40/20m

Hi Have enclosed contest log , a fantastic
contest, but called to work at 1145am, hope
you get this log OK.

Cheers Gerald Bonnington VK2HBG.

Would like to thank you and all your helpers
that give their time freely to make this contest
the success that it was ! Thank you again and
look forward to next year

Regards Ron Betts

VK6kHz

OPERATORS: VK2FA, VKBBI, VK2YCJ, VK2BBC,
VK2KHA, VK4ADX, VK2CMM, VK2SH, VK2BMP,
VK2RJ, VK2L

SOAPBOX: Bloody good contest. We'll be
better organised next year.

I would have to say I think the contest went off
great with the early start and finish, I thought it
would have been a little better if people had
read the rules about the serial number. we had
a lot of reports that gave just a number. this
was a lot of operators who just came up to
give out numbers to help out.

OPERATORS: VK2IO

SOAPBOX: This contest is now a lot more fun
with the abolition of the rule

SOAPBOX: about working only interstate
stations and also a lot more friendly

SOAPBOX: to portable stations with the new
operating times.

SOAPBOX: Well done!

OPERATORS: VK3IO

SOAPBOX: Good conditions made for a fun
contest, but I did not hear anyone on

SOAPBOX: the 10m band and maybe that was
because the printed rules said 10m was a
WARC band.

SOAPBOX: Of course, I did not read the rule
changes before starting.

SOAPBOX: Sorry to those first qso's I had
where I gave incorrect numbers to,

SOAPBOX: by starting of with giving serial
numbers and then giving an incorrect

SOAPBOX: number of operating years, before
being corrected by my dear wife.

SOAPBOX: I am still not sure about all these
changes.

SOAPBOX: Maybe by next year I will
understand all these changes, but I doubt it.

SOAPBOX: Thank you to all those who did qso
with me, especially those running qrp.

SOAPBOX: 73's from Ron.

Enjoyed contest. Rules permitted better
flow/pacing of contacts.

Kevin Crockett - VK3CKC

OPERATORS: VK2LEE

SOAPBOX: NEW TIMES WERE GREAT. YEARS
LICENCED WERE OK TOO

SOAPBOX: ITS STILL THE FRIENDLY CONTEST.
MY 80M HELICAL WHIP

SOAPBOX: ONLY WORKED FOR A COUPLE OF
CONTACTS, NOT SURE WHAT

SOAPBOX: HAPPENED, V HIGH SWR, WILL
HAVE TO GET MY INVERTED

SOAPBOX: VEE UP. ONLY HAD ONE CONTACT
ON 15M. CAN'T WAIT UNTIL

SOAPBOX: THE NEXT RD CONTEST. 73 LEE
VK2LEE

Thanks for your efforts in running the contest
and just wanted to say that it was very
enjoyable this year, the changes seemed to be
very good.

Cheers,

Stuart

REMEMBRANCE DAY CONTEST 2012 REPORT FOR RD WEBSITE

Thanks Alan,
You've done a sterling effort with
the contest. I'm sure your
observation of all the feedback does
see both the negative, but also all
of the positive!
I'm proud to say I'm in the +ve and
that comes from a bloke who doesn't
normally embrace the latest of
anything!!!!
Rik VK4KRX
