

FOR USERS OF VKCL CONTEST LOGGING SOFTWARE

HOW TO IMPORT SUMMER VHF0UHF FIELD DAY CONTACTS INTO A ROSS HULL LOG

1. Summer Field Day Log – go to View Log
2. Export the log to an ADIF file and leave it in the default folder.
3. Exit Summer Field Day contest by changing the config file to Ross Hull.
4. View Log
5. Import the ADIF into your Ross Hull log.
6. VKCL automatically imports the contents of the Field Day file and removes the duplicates, so the log will comply with the Ross Hull Contest rules on repeat contacts.
