

2026 Trans Tasman Contest Report and Certificates – updated 17-8-26

For all results, soapbox comments and statistics see vklogchecker.com

1. Results Table
2. Youth Certificate
3. All certificates Combined
4. ZL Certificates - updated

This year operators experienced good propagation and low noise on the bands. There were approximately 370 Operators on air, and 70 logs were entered containing 6355 QSO's. 19% submission rate is good as is a 12% increase in submitted logs over last year. Logging errors consisted of Not In Log – 249, Incorrect exchange – 75, Miss typed callsign – 60, Dupes – 35, Out of band QSOs – 15, Invalid calls – 13, Un-licenced calls – 3, Invalid frequency – 2, Invalid RST - 1. Two logs were reclassified as CHECKLOGs. One log contained errors on every QSO line and was not fit for scoring purposes, and the other log callsign did not participate in the contest. Log reports are available on request to the manager.

The new log submission window captures incorrect data in the log header and shows the error with a drop-down list to select from. This has made a huge improvement in aiding operators selecting the correct information and can be resubmit without the managers' assistance.

Congratulations to Izaac VK4IKZ for winning the Youth award.

Thanks for participating and your logs. I hope everyone had fun. Best 73 till the next one, de Alan VK4SN.

How to print *your* certificate (and not everyone else's!)

1. Open this file in your PDF reader now. Either Adobe or Foxit Reader.
 - a. It may not print correctly if you try and print it from your browser!
2. Scroll down till you find your certificate or use CTRL F for a quick search.
3. Make sure your certificate is in the middle of the page.
4. Click 'File' then "Print"
5. A printer dialog box will appear, and then you need to click O "Current page"
6. Click OK to print the certificate.
