SOAPBOX

VK1AD OPERATED FROM TWO LOCATIONS QF44MQ AND QF44MP

VK2EZF Thanks to all organisers of this field day. I was portable Saturday afternoon at Mt Wilson in the Blue Mountains. Atrocious weather so couldn't get the 70cms antenna deployed and unsurprisingly no other portable VK2s heard. 40W SSB on each of 6m and 2m. Heard a couple of VK5s fleetingly on 6m but no qso - possibly MS? Hoping for better weather for the next one.

VK2FO MY ANTENNAS ARE ALL VERTICALLY POLARIZED. HAD FUN ANYWAY

VK2SRC VERY WET & WINDY WEEKEND. GREAT FUN ON A HILL DOING WHAT WE ENJOY.

VK2YW First time using N1MM. Not very good condx inland but great to work those I could who were portable

VK2ZB VK2ZB/P SINGLE OPERATOR 8HOURS

VK3ER GREAT PROPAGATION TO VK7 ACROSS BASS STRAIT. WEATHER PERFECT.

VK3SGL High winds meant only a single band of operation

VK4CPS 2 X FILES FOR THIS STATION.

VK4GMI A GOOD FUN CONTEST TO PARTICIPATE IN. I LEARNED SOME LESSONS THAT SHOULD HELP ME ACHIEVE A BETTER RESULT NEXT.

VK5NE SO SAD TO SEE THE PARTICIPATION RATES IN VK5 CONTINUE TO DIMINISH.
IT WAS MUCH MORE FUN WHEN WE WERE CHASING GRID SQUARES.
MAYBE ADD A SATELLITE SECTION TO MAKE IT MORE INTERESTING IF THAT IS
POSSIBLE.

VK5ZD DECIDED TO CONCENTRATE ON MMWAVE ACTIVITY, SPECIFICALLY 122 &
134 GHZ. ONLY TOOK GEAR FOR 10 GHZ AND ABOVE (PLUS 2M/70CM FOR
LIASON).

VK7ID HAD A FEW TECHNICAL DISSAPOINTMENTS BUT WAS A GREAT DAY WITH
FANTASTIC WEATHER AND A LOT WAS LEARNED. VERY HAPPY THAT MY 3CM
BUILD WORKED WELL ON IT'S FIRST OUTING DESPITE GETTING THE
POLARISATION WRONG.

VK7NW OPERATORS ANDREW VK7XR, ERIC VK7EV, MARK VK7MAR

VK7ZBX GREAT DAY WORKING SOME DX. HIGHLIGHT WORKING INTO VK3 ON 13CM.
THANKS TO ALL.

VK7ZLB 2025 SUMMER FIELD DAY PORTABLE 24H

VK8D HI. PLEASE NOTE THAT I AM SUBMITTING THIS HOME STATION LOG FROM
PH57KP AND TWO ROVER LOGS FROM PH56. I WAS NOT ABLE TO
CONSOLIDATE THE ROVER LOGS FROM THE TWO OPERATING LOCATIONS.
