TALBOT MUSEUM NEWS

The Central Goldfields Ammeter Radio Inc. will be celebrating the Wireless Institute of Australia 100 yrs of organised radio in Australia at the Talbot Communication Museum Building on the 3rd, 4th & 5th August.

The public, along with all the radio followers will see the ammeter radio operators in action whilst visiting the museum.

There are over 16000 radio ammeters in Australia and over 2 million around the world.
